***Examiner's Amendment***

1. Claims 1-4 are hereby cancelled per interview with Applicant's representative on 2-19-2004.

***Examiner's statement of reasons for allowance***

The following is an examiner's statement of reasons for allowance:

2. Claims 5 and 8 are allowed because Prior art fails to show an ion guide having a split cylindrical electrode that utilizes the same bias voltage on each electrode half to focus ions along an axis, and a bias of opposite polarity on each electrode half to deflect the ions.

Applying bias voltages to the split cylindrical electrode of an ion guide so as to focus ions along an axis and deflect ions away from an axis is patentable.

3. Claims 6,7, and 9-14 are allowed because they are dependent upon allowed Claims 5 and 8.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
